Reported Exclusively for the Logan Gazette.

MY BREETHERIN—We will open on this occasion, by singing to the long metre, what the Democrats (who can't go to heaven) might call a negro song, but which, my breetheren, is properly a colored Sam. And while your preacher lines out, you will please sing, par-

From Af-ri-ca the negro came,
Arise, my bretheren, bless his name!
Stand up, my bretheren, bless the day

He is the objek of our love,
In him we live, in him we move,
For him we preach—for him we pray—
For him we meet from day to day.

His shins were straight as straight could be
Till they were bowed in Sla-vi-roo.

Then, breatheren, let your blessings rise
Upon his heels, his lips, his eyes—
Upon his feet, upon his shins,
Both played and bowed for white men's sins

REPEAT—
Upon his feet, upon his shins,
Both splayed and bowed by white men's sins.

EDITED BY L. HARPER.

"HE IS A FARMER WHO THE TRUTH MAKES FREE."

MOUNT VERNON, OHIO:

TUESDAY MORNING, APRIL 22, 1862

OUR MOTTO:
THE UNION AS IT WAS,
AND
THE CONSTITUTION AS IT IS!
WAR NEWS OF THE WEEK.

The principal item of war news received the past week, was the bombardment and capture of Fort Pulaski, which is supposed to command the entrance to Savannah, Ga.

The bombardment of Yorktown is progressing steadily. A general engagement has not yet commenced, but active preparations are being made on both sides. It is reported that McClellan is sanguine of success. The rebels appear to be equally confident of victory. It will be a bloody and desperate battle.

Preparations for another great battle at or near Corinth, Miss., are in active progress. The lines of the two armies are but two miles apart.

It is reported that Gen. Pope's column, recently at Island No. 10, are about to take or have taken Fort Pillow, farther down the river towards Memphis.

Fort Jackson and Phillip, which command New Orleans, were attacked by the Federals on the 14th of April. Further advances from there will be looked for with great interest. The capture of New Orleans would be a great achievement.

SLANDER UPON THE OHIO TROOPS.

Correspondents of several papers in Chicago have taken great pains to charge that some of the Ohio Regiments evinced cowardice at the recent battle at Pittsburg Landing. We believe this is a gross slander, and was promulgated by these papers for the purpose of making an unfair comparison between the Illinois and Ohio troops. We have seen nothing from the correspondents of other papers, (whose opportunities are doubtless as good as the sharp men who write for the Chicago journals,) to corroborate this charge of cowardice, and we are constrained to believe that it is a scandalous libel. It may be true that some of our regiments, after losing their officers, and being cut to pieces by overwhelming numbers of the enemy, were unable to make a stand; but this is no evidence of cowardice. The army of the Potomac, after fairly whipping the rebels at Bull Run, were met by fresh troops in great numbers, and fled in wild confusion towards Washington. A somewhat similar scene occurred at Ball's Bluff. But there was no evidence of cowardice in all this. It simply proved that a large army has advantage over a smaller one—nothing more.

Another Lie.
While we desire no personal controversy with the writing Editor of the *Republican*, yet we certainly shall not permit him to publish vile, infelicitous falsehoods about us with impunity. Of this class is the following from the last issue of the paper.

"Neighbor reflect a moment, and remember some of your own, and when you are about it please remember the time when a couple of our townsmen called at your residence to desire you to stop sending them your paper, as they thought it quite too much of the secession stripe for them although they were Democrats, and you refused to unbar your door or admit them until they gave their names, &c."

We have simply to say that this statement is an unmitigated lie, as much so as the one in the previous number of the same paper that we applied to "Republicans and other Union men for help."

Will the *Republican* be pleased to give the names of the "Republicans and other Union men" to whom we applied for "help," and also the names of the "two townsmen" that called at our house, when we refused to unbar the door (!) until they gave their names; or else acknowledge that it has "borne false witness against a neighbor?"

—It may be proper to state that the *Republican*, since the death of its late editor, the high-minded and gentlemanly REXLEY, has been under the temporary editorial control of Mr. W. C. COOPER, the Prosecuting Attorney for this county. What motive this young gentleman can have in writing such miserable falsehoods, and indulging in such reckless personal assaults upon the Editor of the *Banner*, we are at a loss to know. He may possibly gratify the wishes of the malignants of his party, to whom Mr. REXLEY peremptorily refused the use of his columns, but he certainly will not add laurels to his reputation or increase the circle of his friends.

Congressional Apportionment Bills.
Several bills have been introduced in the Legislature to apportion the State into Congressional Districts; but as yet none have been finally acted upon. The chief study of the bogus "Union" majority in the Legislature appears to be to Gerrymander the State in such manner as to give the Democrats as few Congressional Districts as possible. One bill placed Knox, Licking, Delaware and Morrow in one district. Another bill proposes to make a district out of the counties of Muskingum, Coshocton, Knox and Licking. As this would be a Democratic district, there is scarcely any reason to believe that it will be passed. We suppose the Democracy will have to submit to any bill the majority will impose upon them.

Gen. Morgan.
A rumor prevailed immediately after the battle of Pittsburg, that Gen. Morgan's Brigade took part in the engagement. This is a mistake. Gen. M. is on the Cumberland and not the Tennessee river. As to his destination we do not feel authorized to speak, until the seal of secrecy is removed by the Government.

Whiskey Did It!
The Abolitionists in and around Fredericktown attribute their defeat to "Whiskey." It is paying a strange compliment to their own friends to say that they like whiskey better than the nigger! Shouldn't wonder if was the case!

The editor of the *Detroit Advertiser*, (a Republican paper) has been arrested by the U. S. Marshal for treason. The chickens are coming home to roost!

VICTORY UPON VICTORY!

Progress of the Re-Action!

From nearly every county in the State we have the most soul-cheering intelligence respecting the complete and overwhelming triumph of the good old Union Democracy, over the Union-elders and fanatics. And this is only the "beginning of the end." In addition to the returns we gave last week, we have from Stark, Holmes, Hancock, Shelby, Darke, Wyandotte, Fairbairn, Hardin, Ross, Crawford, Scioto, Sandusky, and many other counties, the most gratifying news of the grand re-action that is now taking place. We are sorry that we have not room for details of these victories. They would make every Democrat's heart leap with joy.

From other sections of the country we have like cheering intelligence. We give a few items, received by a single mail:

The Democracy of St. Paul, Minnesota, which town latterly has been Republican, carried it at the late election by a majority of 300.

At the city election in Springfield, Ill., "the home of Honest Old Abe"—the Democrats on Tuesday elected their whole ticket, except for Alderman in one of the wards. The average majority was about two hundred.

Democratic Victory at Hartford, HARTFORD, CONN., April 14.
Our annual city election held today resulted in the choice of W. J. Hamersley, Democrat for Mayor, by 46 majority. The Democrats carry three of the six wards for Councilmen and two of the six for Aldermen.

The Chicago Election.
CHICAGO, April 16.
The Democrats today elected their entire city ticket, by a majority of 1,000; they also elected 7 out of 10 Aldermen.

Michigan Election.
The returns from the elections held yesterday throughout the State are so meagre, that it is impossible to place any estimate upon the result. So far as heard from however, the Democracy has done magnificently. They have carried five-sixths of the larger towns, and many of those that have hitherto been Republican. No general officers were elected. —*Detroit Free Press*, April 8.

Huzza for Leavenworth.
The Cottonwood city has redeemed herself. She has rebuked the nigger-stealers, black republicanism and all other ills! She has done it! She is a white city! Three cheers for the Democracy of Leavenworth! There is still some honesty in Kansas! In the face of such rascally proceedings as were witnessed in this city on Monday it is glorious to get the following news. It makes us think that there is still some virtue among the people.

Leavenworth has gone Democratic by seventy-five to five hundred majority. An immense vote was polled. The Republicans were at their usual dirty work, and though they showed in hundreds of illegal votes it was no use. The truth must prevail. On with the good work, and Kansas is redeemed. —*St. Joseph Gazette*.

OUR VICTORY IN DAYTON.

Although the Democracy of nearly every county in the State has won a glorious victory over the Abolitionists, at the recent Spring election, yet we think to our friends in Dayton belongs the credit of achieving the most signal triumph on record over the Union-elders. Last fall the Fusionists or bogus Union party, carried Dayton, by a majority of 500; and in order to succeed again they this Spring nominated a popular citizen, Dr. SMITH, for Mayor, who has heretofore been known to be a Democrat. They again impudently assumed the name of the "Union party," and had the audacity to call the Democratic nominees and the entire Democracy of Dayton "secessionists," "rebels," &c. The *Dayton Empire* and Mr. VALLANDIGHAM were abused and libeled in the most shameful manner; and it was declared that every vote cast for the Democratic ticket would be an endorsement of the *Empire* and VALLANDIGHAM. Well, what was the result? The Democratic candidate for Mayor, our old friend GLEESPIE, was elected by 148 majority, and the balance of ticket succeeded by a similar vote. The Abolition or bogus Union party in Dayton and everywhere else has played out; the people are sick and tired of the Republican party controlled by such men as Banks, Sumner, Greeley, Giddings, Wade, Wendell Phillips, and their Union-sliding allies, in and out of Congress. To the real Union party, the good old Constitutional Democracy, do the people look for deliverance from the sad calamities that now afflict the country.

Steel Balls.

A trial of steel projectiles on an iron target has been made at Pittsburg, and demonstrates that pointed steel balls will prove too much for any armor for vessels that has been constructed. The Chronicle of that city says:

The steel balls penetrated nearly through the massive iron target, tearing and shattering it at every discharge, while the cast-iron balls broke in fragments on striking, and scarcely made an indentation on the plate.

We see it stated that the iron-clad steamer *Merrimack*, while undergoing repairs recently at Norfolk, had guns of the largest and heaviest calibre placed on board, which are to be loaded with steel-pointed balls of the most destructive character. If this statement should prove to be true, we are afraid that it will not be so easy a job after all for the *Monitor* to whip her.

The *Republican* thinks that because Isaac Hradley was once honored by the Democracy of Knox county, and held several lucrative offices, that therefore he is a Democrat still. Rives, Tallmadge, Blair and Van Buren, Fremont and Wilmot, and a host of others, were once Democrats, but they sinned and fell, and became "shining lights" in the ranks of the opposition. It is recorded that the "devil" was once one of the brightest angels in the courts of paradise, but rebelled and made war against the government of God, was defeated, and thrown over the battlements heaven, "into outer darkness, where there was weeping and gnashing of teeth." No one will pretend to say that the devil is an angel now! The moment a man ceases to act and vote with the Democratic party, he ceases to be a Democrat, it matters not what name he may call himself. He cannot serve God and mammon. For every unprincipled man that leaves the Democracy, at least three better, purer and honest men will take his place.

The Directors of the Young Men's Association of Detroit declined by a decided vote to let their Hall for the use of Wendell Phillips to deliver his lecture on "The War."

Negro Insolence.

The negro population of Washington City have grown so insolent since the late movement of the radical abolitionists to elevate them to a political and social equality with the whites that they justify white men off the sidewalks and insult women. This is only the beginning of the "new era" which the Abolitionists are about to "inaugurate" in this country. When four millions of lazy, worthless negroes to come to live amongst us here in the North, to be invested with all the social and political rights and privileges enjoyed by white men, we shall then realize, to its fullest extent, the beauties and advantages of Abolition rule. This is the kind of "change" that people might expect by placing a sectional, fanatical party in power.

Capture of Fort Pulaski.
Notwithstanding the efforts of the War Department to keep war news from the people, yet the correspondents of the press have managed to procure a copy of the Savannah *Republican* of the 12th, which gives an account of the bombardment of Fort Pulaski by, and its unconditional surrender to the Federal authorities. The walls were literally riddled by balls—every shot going right through. We presume we shall next hear of the fall of Savannah, Georgia.

Yorktown.
YORKTOWN, where it now appears that Colonel Magruder holds a position with 30,000 men, more or less, and General McClellan proposes to dislodge him, is a place of memorable name. The surrender of Cornwallis to the great Washington, at this point, put an end to the war of the Revolution. We can hardly hope for such a result from the surrender or rout of Magruder, but success there, if the rebels indeed make a stand there, will be a good omen. Yorktown is a small village of less than 500 inhabitants, on a somewhat elevated point on the bank of York river.

Pittsburg and Corinth.
Pittsburg, where the battle was fought, is on the west bank of the Tennessee river, in Hardin county, Tenn., about nine miles from Savannah, the county seat, and twenty from Corinth, Mississippi. Pittsburg is a mere landing place on the river for the back country, and boasts but a half dozen log cabins. A good road, leading from there to Corinth, over a pleasant rolling country, with but few obstacles to the movements of a large army, was probably the cause of its selection as the headquarters and camping place of the main body of Gen. Grant's army.

Rumored Resignation of Mr. Stanton.
Friday's papers gave a rumor from Washington that Secretary Stanton has resigned, on account of differences with the President in regard to the management of the war. We suppose Mr. Stanton don't believe in the Abolition programme of converting this into a war for negro emancipation, and taxing the people to "pay for the sport." Should Stanton resign the army thieves will hold a jubilee.

The Merrimack.
The Assistant Secretary of the Navy remained at Fortress Monroe five days, expecting to witness the destruction of the rebel steamer *Merrimack*, if she ventured out. It seems that the day Mr. Fox left, the *Merrimack* did venture out; but the *Monitor*, it would appear, did not seek an engagement. The *Merrimack* now guards the entrance to James River, preventing our gunboats going up and shelling the right wing of the enemy, powerfully fortified on the west bank of the Warwick River, near its mouth. Unless she can be driven from that position, McClellan will be deprived of a very material aid in the gunboats in driving back the right wing of the rebels.

Abolition of Slavery in the District of Columbia.
The bill abolishing Slavery in the District of Columbia, has passed both houses of Congress, and was signed by the President on Wednesday last. It is therefore the law of the land. We presume the next thing will be an attempt to abolish slavery in the States, as a "military necessity." The country is now reaping the fruits of Republican rule. How do the people like the "change," as far as it has gone?

Abolition Legislation.
Congress did a good day's work for the Abolitionists on Saturday. It passed a bill into a law abolishing slavery in the District of Columbia against the remonstrance of the Union men of the Border States, and one branch of it passed an act authorizing negroes to carry the United States mails. Congress seems to consider that it has nothing else to do now, except to legislate for the negro!

Successful Expedition—2,000 Prisoners Captured.
WASHINGTON, April 14.—The following dispatch has been received by the Secretary of War, dated Nashville, Tenn., April 14:

On Saturday morning two expeditions were started for Huntsville on the cars, one under Col. Sill, of the Thirty-third Ohio, going east to the Memphis & Charleston railroad, where they seized two thousand of the enemy, retreating without firing a shot. Col. Sill captured five locomotives and a large amount of rolling stock.

Another expedition, under Col. Turchin, of the Nineteenth Illinois, went west and arrived at Decatur in time to save the railroad bridge, which was in flames.

Gen. Mitchell now holds one hundred miles of the Memphis & Chattanooga railroad.

An Emancipation Victory Claimed.
The New York *World* (Republican) says: "The Connecticut election has resulted in favor of the Republican candidates. Governor Buckingham is re-elected by a largely increased majority, and there will be a Republican gain in both Houses of the Legislature. This may be looked upon as a decided endorsement of President Lincoln's emancipation message and the general policy of his Administration."

So a Republican victory is a verdict for emancipation.

Good News.
The *Detroit Free Press* says: "A \$100,000 A DAY.—The Treasury Department will soon be able to issue ten millions in notes daily."

This will keep the Government in motion for a length of time.

The Democracy of Somerset, Perry County, Ohio, have carried that town at the late election for the first time in fifteen years. They elected their entire ticket. Things are working.

Our Army Correspondence.

Letter from a member of Capt. Walker's Co. to a Lady of Mt. Vernon.

Mrs. —: Dear Madam—I embrace the present opportunity of redeeming my promise by writing to you. I assure you that the cause of my delay, was not that I had forgotten you, for I never can forget one whose kindness and generosity I have reason to hold in everlasting remembrance. I am in good health myself, and all of our company are well, except J. M. Hall, who is in the hospital; but not dangerously sick.

We received marching orders on last Saturday, but owing to our transports not being ready we did not move until Monday morning. Our gun boats having the day before completely silenced the rebel batteries on the opposite shore, we found no difficulty in effecting a landing about three miles below Madrid, and by 1 P. M. there were eight regiments thrown across the river and perhaps twenty against dark. Our division moved on in pursuit of the flying enemy until 10 o'clock at night, and camped on the bank of the Mississippi, in order of battle. We started the next morning about six o'clock, and reached Tipitoulva before noon, where we found that five thousand of the enemy had surrendered.

The eight regiments which were there, formed a square around the prisoners, who seemed to wear a dejected and melancholy look. I was pretty tired, but I assure you that I never felt better in my life than when I beheld the stars and stripes waving triumphantly in sight of those despicable rascals, whose very countenances showed that they felt some compunction at this sight of the time-honored banner.

Our division did not remain long at Tipitoulva; but started for Island No. 10, and reached the mainland on the Kentucky side before sun down, and encamped on the very ground the enemy had left the night before. I beheld the formidable batteries which the enemy had erected for our destruction on the Island, and had they not retreated or surrendered it would in all probability have been one of the most sanguinary battles ever fought upon this continent. Every thing fell into our hands; but as the papers will give you the particulars of all we have gained by this great victory over the enemy, I will not enter into details.

Suffice it to say, that we all got our cannons full of molasses before the officers could get a guard over the commissary stores which had been left by the rebels. We came back to our old camp yesterday, which is situated about three miles in the rear of New Madrid, on the once beautiful plantation of a secessionist, who feared our company might not be very agreeable to him and left for some other parts of Dixie.

We have endured some hardships and encountered no little danger since we have been here; but notwithstanding all this camp life has its charms, and soldiers have their fun. If you pass through the camp in the day time you will see men engaged in every thing you can imagine, some cooking, some washing, some reading, some pitching horse shoes, and every thing you can think of going on. At night you will see the men grouped around the camp fires indulging in vain speculations as to when the war will end, and some telling what good times they have had or will have when they get home. As to myself, when I am not on drill I go to reading or writing letters, and when I get tired I sit down and smoke (as I am addicted to that habit) sometimes falling into a kind of reverie or day-dream; my mind wandering over scenes that have passed, days gone forever—frequently thinking of those friends in whose society I have passed the sweetest scenes of boyhood.

We drill twice a day, except Saturday; even on that day we are drilled, and our discipline is the highest sort of military discipline. We have got plenty to eat—molasses, hard crackers, salt pork and corn, and some telling what good times they have had or will have when they get home. Leading Republican United States Senators.

The *Pittsburg* (Penn.) *Post*, in some just comments on Senator CHANDLER, of Michigan, says:

"The Republican party, which arose upon the ruins of the old Whig organization, has performed some extraordinary feats during its limited existence; but the selection it has made of United States Senators is perhaps its strangest proceeding. In the place of a Webster, a Davis, a Chase, we have the fat, stupid, and vulgar Wilson; in the place of a Wright, Marcy or Dix, we have that ponderous mass of imbecile stolidity Preston King; from Pennsylvania they have given us the virtuous Cameron and his contracts, and from New York they have given us the fat, stupid, and vulgar Wilson;
